

LEARN MORE ABOUT OUR 10% GIFT MATCH OPPORTUNITY

The need to prepare for global food shortages has never been clearer, and ALLFED is taking the lead in addressing this challenge. But we need your help to make our work possible.

One generous donor couple who share our commitment to building resilience to catastrophic food risks has offered a 10% match on **all individual gifts made up to \$5,000**, until the campaign has raised \$50,000. This means a \$500 donation becomes \$550 and a \$5,000 donation becomes \$5,500.

[Click here](#) to read the personal statement of the match donors.

Now is the perfect time to give. Consider making a donation **before midnight wherever you are in the world on Giving Tuesday (December 3, 2024)** and join us in seeking to secure a food-resilient future for all.

Questions? Our [Match Campaign FAQ](#) may answer them. If not, feel free to write us at fundraising@allfed.org.

Donors in the UK or Netherlands who wish to take advantage of tax deductible giving should read a special note in the FAQ about participation in the match using the [ALLFED donation page provided by Giving What We Can](#).
